

FLOOR POLISH STRIPPER

HAIL FLOOR POLISH STRIPPER is a blend of alkali detergents and penetrating agents to remove metallised floor polishes easily without the need of neutralising.

FEATURES

Effective

Economical

Versatile

Biodegradable

BENEFITS

Removes old polish from the surface with the minimum of effort.

Can be diluted with up to 10 parts of water.

Cleans many hard surfaces in addition to polish stripping.

Completely biodegradable in both hard and soft water.

Directions for use

Dilute with up to 10 parts of hot water. Mop onto the floor allowing 5 minutes contact time before scrubbing the surface using a polishing machine fitted with a Hail Black Pad. Do not allow the solution to dry as the product then stops working. Mop on more if required. Remove the slurry either by mop or suction methods. Rinse the floor twice using clean water and allow the floor to dry before applying fresh polish.

Pack Size

Available in 4 x 5 litre cartons.
