

Wax Off M 125

MIRIFIC WAX OFF M 125 is a blend of organic alkalis and detergents with solvents to soften and remove acrylic polymeric seals used as temporary protective on vehicles in transit from the factory to the car showroom.

FEATURES

BENEFITS

Economical

WAX OFF can be diluted with up to 6 parts water and still effectively remove the acrylic seal.

Effective

WAX OFF was developed to soften and remove the new clear acrylic temporary protective now being widely introduced by the automotive industries

Versatile

WAX OFF is suitable for hard and soft water conditions.

Safe

WAX OFF contains no free caustic alkali. It will not affect the Paintwork or vehicle trim including plastic, metallic and rubber fittings.

Biodegradable

WAX OFF is completely biodegradable and does not affect the natural bacteria found in sewage systems.

Directions for use

WAX OFF can be diluted up to 6 parts of water before use depending upon the age and strip ability of the temporary protective coating for tenacious coatings, use the product undiluted. Spray onto the coating and allow time for penetration before jetting the softened coating from the vehicle with high pressure hot water.

Pack Size

Available in 4 x 5 litre cartons.
